CH2M HILL is a global leader in full-service engineering, planning, consulting, construction, and operations. Working in Northern Latin America for over 15 years, we have more than 400 local staff and a regional headquarters in Mexico City.

Using technology transfer, project development capabilities, established relationships, and joint ventures with local firms, we complete projects that meet world-class standards.

Our solutions and expertise cover commercial/institutional facilities, manufacturing, environmental services, water, power, wastewater, energy, transportation, communications and information solutions, chemicals, oil and petrochemical, food and beverage, pharmaceuticals and biotechnology.

Our local offices and staff are backed by a US\$4.5 billion company serving clients worldwide with over 19,000 employees in more than 30 countries.
